Recommendation to receive and file the Investment Report for Quarter Ending December 31, 2020. (Citywide)

The City Treasurer's Office in the Financial Management Department invests the City of Long Beach's (City) funds in compliance with the California Government Code, Section 53600 et. seq., and the City's Investment Policy. As of December 31, 2020, these funds had a book value of approximately \$1.499 billion.

Statutory Compliance

All investment transactions have been executed in conformance with the City's Investment Policy and the California Government Code. The Investment Advisory Committee, composed of the Assistant City Auditor, Deputy City Attorney, City Treasurer, City Controller, and designated representatives from the Harbor and Water Departments, meets quarterly, or as needed, to review investment policies, strategies, and performance. All portfolio transactions as of December 31, 2020 can be found in the Investment Trading Activity (Attachment A).

Investment Strategies

The Investment Policy divides the City's investment portfolio into short-maturity, intermediate-maturity, and long-maturity portfolios. Their respective benchmarks are the Three-Month Treasury Bill Index, the One-Year Constant Maturity Treasury (CMT), and the Intercontinental Exchange (ICE) Bank of America Merrill Lynch (BoAML) One-to-Five Year U.S. Treasury and Agency Index.

The short-maturity portfolio maintains a weighted average maturity of three to six months and

provides sufficient liquidity to satisfy the City's short-term cash needs. The intermediate-maturity portfolio maintains a weighted average maturity of approximately one year and provides for the cash needs with maturities greater than six months. The long-maturity portfolio maintains a weighted average maturity of one to five years to satisfy the City's longer-term cash needs.

The City's cash management goals are to maintain and preserve the safety of funds in custody and provide adequate liquidity for anticipated expenditure needs. Approximately \$691.62 million of the total investment pool, or approximately 45.49 percent of funds, will mature in the next six months, ensuring that sufficient funds are available to meet the City's liquidity needs.

Investment Position and Performance

The following table summarizes the City's investment pool position and performance for the quarter ending December 31, 2020:

INVESTMENT PORTFOLIO POSITION AND PERFORMANCE SUMMARY							
	INVESTMENT POSITION As of December 31, 2020			INVESTMENT PERFORMANCE ⁴ As of December 31, 2020			
Portfolio	Book Value ¹	Market Value ¹	Unrealized Gain/(Loss) ²	Quarterly Portfolio Total Return ³	Quarterly Benchmark Total Return	Quarterly Variance from Benchmark	Annualized Portfolio Total Return ⁵
Short-Maturity	\$274,787,931	\$274,835,431	\$47,500	0.09%	0.03%	0.06%	1.16%
Intermediate Maturity	\$509,458,798	\$515,469,875	\$6,011,077	0.04%	0.04%	0.00%	2.04%
Long-Maturity	\$461,843,848	\$477,341,048	\$15,497,200	0.11%	0.02%	0.09%	4.28%
Total Investment	\$1,246,090,576	\$1,267,646,354	\$21,555,778	0.08%	0.03%	0.05%	2.44%

Total Cash	\$252,699,778	\$252,699,778
-------------------	----------------------	----------------------

Total Cash and Investment	\$1,498,790,354	\$1,520,346,132
----------------------------------	------------------------	------------------------

- 1) *Book value is the initial value/outlay for an investment, while market value represents the value based on current market conditions.*
- 2) *Unrealized Gain/(Loss) is the difference between book and market value. It is directly related to the change in interest rates. As interest rates rise, the principal value of fixed income assets falls, causing the unrealized loss to increase, or vice versa. Typically, investments are held to maturity and therefore, gains/losses are rarely realized.*
- 3) *Total Return is a performance measurement metric that reflects the actual quarterly return of the portfolios, which includes income and both realized and unrealized gains and losses.*
- 4) *Investment Performance - Portfolio Total Return numbers are calculated as a weighted average.*
- 5) *Annualized Total Return is a performance measurement metric that reflects the annualized return of the portfolios, which includes income and both realized and unrealized gains/(losses).*

Investment portfolio holdings as of December 31, 2020, are included in Attachment B.

This matter was reviewed by Deputy City Attorney Taylor M. Anderson and by Budget Manager Grace H. Yoon on February 3, 2021.

City Council action on this item is not time critical.

This recommendation has no staffing impact beyond the normal budgeted scope of duties and is consistent with existing City Council priorities. There is no fiscal or local job impact associated with this recommendation.

Approve recommendation.

JOHN GROSS
INTERIM DIRECTOR OF FINANCIAL MANAGEMENT

APPROVED:

THOMAS B. MODICA
CITY MANAGER
