Recommendation to authorize City Manager, or designee, to execute all documents necessary to amend Munis Contract No. 3150000021 with Griffin Pest Management, of Santa Ana, CA, for pest control services, to increase the contract amount by \$125,000, for a revised contract amount not to exceed \$922,000, and extend the term of the contract to October 30, 2022. (Citywide)

City Council approval is requested to amend Munis Contract No. 3150000021 with Griffin Pest Management to provide pest control services. Various departments require pest control services at multiple facilities throughout Long Beach. Pest control services are necessary to maintain a high standard of health and sanitation.

Griffin Pest Management is the City of Long Beach's (City) current pest control vendor. On June 10, 2015, Griffin Pest Management was awarded a contract with the City after a competitive bid process. All funds available under the current contract, which was authorized under City Manager authority in accordance with procurement policies and procedures, have been exhausted. To ensure payment for services rendered, additional funds are required. A new procurement for pest control services has been completed, and contract execution is underway. The newly procured pest control contract with Terminix International will be available once the amended agreement with Griffin Pest Management expires. This request will ensure timely invoice payment and continuity of service during that time.

This matter was reviewed by Deputy City Attorney Erin Weesner-McKinley and Revenue Management Officer Geraldine Alejo on August 19, 2022, and by Purchasing Agent Michelle Wilson on August 12, 2022,.

City Council action to amend Munis Contract No. 3150000021 is requested on September 6, 2022, to ensure there is no interruption to services.

The revised total contract amount will not exceed \$922,000. The contract will be used citywide and is budgeted in various fund groups and departments. This recommendation has no staffing impact beyond the normal budgeted scope of duties and is consistent with existing City Council priorities. There is no local job impact associated with this recommendation.

Approve recommendation.
